

## **X-TREM PRO-BIOTINE+**

**X-TREM PRO-BIOTINE +** is an organic fertilizer for use on lawns, gardens, flowers and shrubs, cash crops, vegetable crops, small fruits, fruit trees, vineyards and forest trees applications. Its slow and controlled nitrogen release allows the product to act for a period up to 8 weeks.

### **RECOMMENDED DOSAGE**

Add 200 ml of X-TREM PRO-BIOTINE + for each section of 100 m<sup>2</sup> of the surface to be treated.

Wait at least 4 weeks between each application.

Shake well before use and add last to a combined formula.

### **PRODUCT CONTENT**

Water	49-51 %
Corn, steep liquor	46-48 %
Glucose	2-3 %
Biuret	1-2 %
Xylose	1-2 %
Lysine, monohydrochloride	1-2 %
